Celebrate The Great American Smokeout Nov. 20

November 20 marks the 27th annual Great American Smokeout. This is the day that non-smokers and "wannabe" quitters get together to promote a healthy non-smoking lifestyle. The GAS targets preteens and teenagers and the day focuses on supporting smokers who want to quit. This year, the day will include a fun run/walk on Patch Barracks. Everyone is invited and free T-shirts will be given to those who complete the event. The opening remarks will be held in the Patch Fitness Center at 7:30 a.m. Afterward, each unit or directorate should follow its point of contact to the fitness center parking lot to line up for the run/walk. If you aren't with a group, just join one of the Smoke-Free Initiative groups. If you have a unit/directorate guidon or flag, bring it along. Also, if you want to get creative and make yourselves stand out in some way, do so. For more info call the Stuttgart Wellness Center at 430-4073/civ. 0711-680-4073.

enforce seatbelt compliance on installations and in housing areas. Off post the German police will set up checkpoints. Vehicle operators who drive without wearing a seatbelt or who don't require passengers to wear seatbelts can be penalized.

Service Members Observe Ramadan

The 6th Area Support Group Chaplain's Office would like to remind commanders that the Muslim holy observance of Ramadan continues until Nov. 26. Muslim service members observe Ramadan by performing the mandatory five-daily prayers on time and fasting from dawn until sunset.

Because of these restrictions, commanders are asked to be sensitive to their service members who observe Ramadan. This may mean adjusting meal times and accommodating the mandatory prayer times and fasting during duty hours. For more info call 430-5000/civ. 0711-680-5000.

Prepare For Winter Driving Now

Now is the time to prepare vehicles for winter driving. Put snow tires or all-season tires on all four wheels. Ensure all lights work and clean them regularly. Replace worn-out wiper blades and fill the windshield washer reservoir with

freeze-resistant cleaning solution.

Ensure all windows and lights are completely clear of snow and ice and remove snow from the roof of the vehicle before driving. Get an engine tune-up and switch to winter-grade oil if not already using all-season-oil. Check the battery and ensure connections are good and terminal points are clean. Be sure all engine fluids are at proper levels.

Accumulations of leaves can now be expected on tree-lined roads. Wet leaves on the road can have the same effect as ice so use caution when braking, accelerating and on curves. For more info call 421-2752/civ. 0711-729-2752.

Installation Entry Procedures Aligned

Entry procedures have been standardized at all 6th Area Support Group installation gates. Random access measures remain in place as part of force protection.

Survey Targets All 6th ASG Personnel

The 6th Area Support Group is about to embark on a climate survey targeting all employees including service members, civilians and local nationals. A climate survey is regularly conducted at the beginning of a commander's tenure. The results become the baseline used to examine and measure how effective and accepted any new changes are to employees.

The survey will take place Nov. 10 to 21 and it is imperative that it garners near 100-percent participation from all 6th ASG employees to validate the results. All employees will access the survey via www.dxnc.net/6asg and be able to complete it at any computer. Those individuals who do not have access to a computer should call 421-2649/civ. 0711-729-2649.

PCS/Pre-separation Briefing Planned

The next scheduled briefing for permanent change of station/pre-separation information is Nov. 19 at 1 p.m. in Patch Barracks building 2318, room 4. All service members and civilians departing within the next four to five months should attend.

Information will include housing, medical, dental, transportation, claims, vehicle registration, Military Police Customs and Army Community Service. Army personnel will also receive briefings on personnel and finance issues.

All separating Army personnel are required to attend this briefing to receive pre-separation information. Pre-registration is required. For more info call 430-4064/civ. 0711-680-4064.

Licensing Requirements Expand

Requirements to obtain a motorcycle operators license in Germany will change Dec. 1. License seekers will be required to complete a motorcycle safety foundation training course, which provides hands-on training in addition to current requirements. The MSF course is designed to educate and train personnel on how to be safe and responsible motorcyclists. For more info call 430-8766/civ. 0711-680-8766.

Contribute To The Thrift Savings Plan

The Thrift Savings Plan is a federal government-sponsored tax-deferred savings plan for all federal employees including service members. TSP is a defined contribution plan, meaning that the retirement income participants receive depends on how much they contribute to the account and the earnings generated from those contributions. New accounts can only be established or changed during an "open season" period, which currently ends Dec. 31. For more info go to www.tsp.gov.

New Control System Verifies Access

Community members are reminded to register for the new Installation Access Control System. IACS is a new personnel access verification program that provides individual access privileges for those requiring access to Army in Europe installations.

Registration hours are Mondays to Fridays, 9 a.m. to 4:30 p.m., and Saturdays, 9 a.m. to 1 p.m. in Patch Barracks building 2307. For more info call 430-6112/civ. 0711-680-6112.

Customs Officials Warn About Gifts

Some people have a way of buying the wrong holiday gifts. While this is often a matter of taste, many

items available in Europe that seem like good presents violate customs rules. Some are banned from import to the U.S. and others may be carried in baggage but not mailed. Violations of customs, agriculture or postal regulations can lead to hefty fines and confiscation of the goods.

Military customs offices can offer more advice on these and other holiday shipping questions to ensure holiday gifts purchases don't present problems in the U.S. For more info go to www.customs.gov/xp/cgov/travel.
